

User Stories Considered in the Experiment

User Story Set	ID	Selected Stories
----------------	----	------------------

<i>DataHub</i>	D1	As an Owner, I want to edit my profile, so that that it is updated with new information.
	D2	As an Owner, I want to invite an existing user, so that the user can become a member of my publisher.
	D3	As an Owner, I want to invite someone using their email to sign up and become a member of my Publisher, so that they are authorized to publish data packages under my Publisher.
	D4	As an Owner, I want to remove someone from membership in my publisher, so that they no longer have ability to publish or modify my data packages.
	D5	As an Owner, I want to view all the people in my organization and what roles they have, so that I can change these if I want.
	D6	As an Owner, I want to make a user an owner, so that they have full control.
	D7	As an Owner, I want to remove a user as an owner, so that they are just a member and no longer have full control.
	D8	As an Admin, I want to set key configuration parameters for my site deployment, so that I can change key information like the site title.
	D9	As an Admin, I want to see key metrics about usage such as users, API usage, downloads, so that I know how things are going.

<i>Recycling</i>	R1	As a User, I want to be able to enter my zip code and get a list of nearby recycling facilities, so that I can determine which ones I should consider.
	R2	As a User, I want to be able to give my email ID, so that I can receive notifications for new events as they are posted.
	R3	As a User, I want to be able to view a map display of the public recycling bins around my area.
	R4	As a User, I want to be able to create an account so that I can create my own profile.
	R5	As a User, I want to be able to check transaction history and keep a record of it, so that I can go back when needed.
	R6	As a User, I want to have a great UI and UX from the sites, so that I have a pleasant experience when navigating through them.
	R7	As an Admin, I want to be able to block specific users based on IP address, so that I can prevent spamming on the websites.
	R8	As an Admin, I want to view a dashboard that monitors all the sites' statuses, so that I can have a sense of what people are doing on our sites and know the service status.

<i>ScrumAlliance</i>	S1	As a Site Member, I want to view the profiles of other members, so that I can find others I might want to connect with.
	S2	As a Site Member, I want to search for profiles based on a few fields, so that I can find others I might want to connect with.
	S3	As a Site Member, I want to mark my profile as private in which case only my name will appear, so that no one can learn things about me I don't want shared.
	S4	As a Site Member, I want to mark my email address as private even if the rest of my profile is not, so that no one can contact me.
	S5	As a Site Member, I want to send an email to any member via a form, so that we can connect.
	S6	As a Practitioner, I want to include additional details about me in my profile page, so that I can showcase my experience.
	S7	As a Site Administrator, I want to edit any site member profile, so that I can correct problems for members.
	S8	As a Site Visitor, I want to read current news on the home page, so that I stay current on agile news.
